Architectural Concrete Solutions

Bomanite Florthane WB – Part B

Section 1 Product Description

Product Name: Bomanite Florthane WB – Part B
Recommended Use: Waterbase Concrete Coating
Supplier: The Bomanite Company * PO Box 2649 * Fair Oaks, CA 95628
(303) 369-1115 * www.bomanite.com
Emergency Phone: CHEMTRAC 1-800-424-9300

Section 2 Hazard identification

This product, as provided and designed for use, is defined as **NON-HAZARDOUS** according to the criteria of the OSHA Hazard Communication Standard (HCS) which is aligned with the Globally Harmonized System of Classification and Labeling of Chemicals (GHS). www.osha.gov/dsg/hazcom

Signal Word

None Required

Precautionary Statements

General:

P101-Keep out of reach of children.

P103-Read label before use.

Prevention:

P202-Do not handle until all safety precautions have been read and understood.

P262-Do not get in eyes, on skin or on clothing.

P264-Wash thoroughly after handling using this product.

P280-Wear protective gloves/protective clothing/eye protection/face protection.

Response:

P331-DO NOT induce vomiting.

P340, Remove victim to fresh air and keep at rest in a position comfortable for breathing.

P352, Wash with plenty of soap and water.

P362, Take off contaminated clothing and wash before reuse.

Storage:

P403-Store in well-ventilated place.

P404-Store in a closed container.

ROUTES OF ENTRY: Eye contact, ingestion and inhalation.

CARCINOGENICITY: None known at this time.

Section 3 Composition/ Information on Ingredients

	<u>CAS #</u>	<u>Conc. (wt%)</u>
Ethylene glycol mono butyl ether (non-HAP)	111-76-2	N/A

{HAP = Hazardous Air Pollutant; VOC = Volatile Organic Compound}

All additional ingredients, in concentrations and/or physical forms, present in this product are not classified as hazardous to health and do not require reporting on this MSDS.

Section 4 First Aid Measures

Emergency First Aid Procedures

Skin: Wash skin thoroughly with water.

Eyes: Flush eyes with running water for at least 5 minutes, keeping eyelids open. If possible, remove contact lenses.

Inhalation: Move person to fresh air. If person is unconscious, seek immediate medical attention.

Ingestion: If swallowed, may cause nausea and diarrhea. Seek medical attention or poison control center advice; have the Safety Data Sheet information available.

NOTES TO PHYSICIAN: No specific treatment. Treat symptomatically. Contact a poison treatment specialist if large quantities have been ingested.

Section 5 Firefighting Procedures

Extinguishing Media: Use water, fog spray, or foam.

Flash Point (TCC): Non Flammable

Flammable Limits (% volume in air for solvents): LEL: Not Determined **UEL:** Not Determined

Special Fire Fighting Procedures: Water should be used to cool nearby containers to prevent pressure build-up.

Section 6 Spill or Leak Procedures

Cleanup:

Small spill: Stop further spillage. Contain spilled material with absorbent material to capture liquid. Place collected absorbent in appropriate waste containers. Prevent spill from entering municipal sewers and/or open bodies of water.

Large spill: Stop further spillage. Prevent runoff from spill entering drains, municipal sewers or open bodies of water. Contain spilled material with absorbent material to capture liquid. Place collected absorbent in appropriate waste containers.

Environmental precautions: Prevent large releases of this material into the environment.

Water spill: This material may be a pollutant to water. May be harmful to algae.

Land spill: This material may be harmful to the environment if released in very large quantities.

Regulatory Requirements: Follow applicable OSHA regulations (29 CFR 1910.120).

Disposal Regulatory Requirements: Follow applicable Federal, state, and local regulations.

Container Cleaning and Disposal: n/a

Section 7 Handling and Storage

Normal Handling: Do not get into eyes. Do not taste or swallow. Wash thoroughly after handling.

Storage: Store in original labeled container indoors. Avoid freezing. Keep in cool and dry areas. Store indoors at temperatures above 32°F (0°C) and below 125°F (52°C).

Waste Disposal Method: Dispose of material in accordance with federal, state, and local guidelines.

Special Precautions: n/a

Section 8 Protection Information

Respiratory Protection: Respirators are not required for use of this product.

Ventilation: No special engineering controls required. Standard practice is to use this and similar type products with adequate ventilation.

Safety Stations: Emergency eye wash stations should be provided. Maintain housekeeping activities.

Protective Clothing/Equipment: Long sleeve shirts, long pants, socks, rubber boots and gloves.

Eye Protection: Protective Safety Glasses or Goggles are recommended.

Skin Protection: Solvent and water-resistant gloves are recommended.

Work Hygienic Practices: Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics.

Section 9 Physical Data

Appearance: Opaque Milky White Liquid

Odor: Slight ammonia odor

Odor Threshold: No data available

pH: 8.5-9.5

Melting Point: Not determined

Freezing Point: Not determined

Boiling Point: 212° F (100 °C)

Flash Point: Not Flammable

Evaporation Rate: ≤ 0.01 (n-butyl acetate = 1.0)

Flammability (solid, gas): Non-flammable under normal conditions

Upper/lower Flammability: N/A

Vapor Pressure: < 0.0003 mm Hg@77°F(25°C)

Density (water=1): No data available

Vapor Density (air=1): Heavier than air

Relative Density: n/a

Water Solubility: soluble in water

Partition Coefficient: No data available

Auto-ignition Temperature: N/A

Decomposition temperature: Not determined

Viscosity: Not determined
Specific Gravity (H₂O=1, at 4 °C): 1.043 +/- 0.07 (water = 1.0)
VOC: n/a
% Volatile by Weight: n/a

Section 10 Reactivity Data

Chemical Stability: Stable
Hazardous Decomposition: Oxides of nitrogen, carbon monoxide, carbon dioxide
Hazardous Polymerization: Will not occur.
Conditions to Avoid: Heat, sparks and open flames.
Incompatible Materials: Avoid contact with strong acids, alkali and oxidizing agents

Section 11 Toxicity Data

Ethylene glycol mono butyl ether (non-HAP) - CAS 111-76-2 LD 50 (Rat -male) ≥ 1,746 mg/kg

Routes of Exposure: Inhalation, eyes, and skin.
Acute Eye Irritation: slight irritation, tearing, and redness.
Acute Skin Irritation: Prolonged contact may dry and defat skin.
Acute Dermal Toxicity: Not expected to be toxic through the skin.
Acute Inhalation Toxicity: Inhalation not expected; if occurs, move victim to fresh air; administer CPR if needed
Carcinogenic Effects: n/a
Existing Medical Conditions Aggravated by Exposure: n/a

Section 12 Ecological Data

Ethylene glycol mono butyl ether - CAS#111-76-2 - Classified as moderately toxic to aquatic organisms
LC50/EC50/IC50 between 1 and 10 mg/L in most sensitive species tested
Palaemonetes pugio (grass shrimp) 5.4 mg/L

Section 13 Disposal Information

Waste Disposal Method: Procedures should be in place to minimize the generation of waste from the use of this product. Dispose of all waste and residue from this product in accordance with all local, state and federal hazardous waste regulations.
Container Handling and Disposal: Maybe disposed of as non-hazardous waste.

Section 14 Transport Information

UN Proper Shipping Name: Not Regulated
IMDG Proper Shipping Name: Not Regulated
DOT Proper Shipping Name: Not Regulated
Technical Name: Waterbased Latex

Section 15 Regulatory Information

ARA TITLE III (Superfund Amendments And Reauthorization Act)
311/312 Hazard Categories: Not categorized
313 Reportable Ingredients: No ingredients present
302/304 Emergency Planning: No ingredients present
TSCA: All ingredients in this product are listed on the TSCA inventory

Section 16 Additional Information

The regulatory information provided is not intended to be comprehensive. Other Federal, State and Local regulations may apply to this material.

DISCLAIMER: Although the information and recommendations set forth herein are presented in good faith and believed to be correct as of the date hereof, manufacturer makes no representations as to the completeness or accuracy thereof.
