

Bomanite Exposed Aggregate Systems

PROJECT PROFILE

FIRST TEXAS HONDA

PROJECT INFORMATION

Bomanite Licensed Contractor, Texas Bomanite worked with project designer Architect's Inc. in the initial design phase in providing several different flooring systems for First Texas Honda, which is the largest Honda dealership in the world at over 140,000 square feet. Texas Bomanite was asked to provide 95,665 square feet of diamond polished concrete flooring in the service areas and service drive. The finishes ranged from 800 grit to 100 grit. In the showroom area and service building, 37,150 square feet of custom colored Bomanite Micro-Top was installed with over 40,000 linear feet of decorative scoring. The highlight of the showroom was the Honda logo. 270 square feet of the front entry features the Broadcast Aggregate system by Bomanite, and the front entry walks and bridge deck features over 7,515 square feet of the Bomanite's SandScape exposed system.
