### PROJECT PROFILE

#### STEICHEN RESIDENCE

### PROJECT INFORMATION

The owners of the home were looking for a low maintenance pool deck that would complement the existing architecture of their 80 year-old house. They were also concerned with choosing quality products and having them installed by highly skilled and licensed decorative concrete professionals. They found the best in Bomanite and looked to the local Bomanite Licensed Contractor, Harriman's Bomanite for the job.

Harriman's Bomanite provides quality products installed by quality people. The family owned company, based out of Spencer, IN, offers a variety of decorative concrete products and systems, and are dedicated to the highest standards of quality and service. Offering everything from imprinted concrete (Bomanite Imprint Systems, the original cast-in-place, colored and imprinted architectural concrete paving), toppings systems (Patène Arctectura) to exposed aggregate systems and Grasscrete, Harriman's Bomanite has the architectural concrete solution for you.
