PROJECT PROFILE

THE CARIBBEAN BEACH RESORT – OLD PORT ROYAL SWIMMING POOL

PROJECT INFORMATION

The Caribbean Beach Resort - Old Port Royal Swimming Pool won an Honorable Mention Award in the Best Bomanite Imprint Commercial Project category in Bomanite's 2008 Annual Project Award Contest.

Bomanite Licensed Contractor, Edwards Concrete Company completed in 2008 The Caribbean Beach Resort Pool Feature Upgrade at Walt Disney World in Orlando, FL. Disney wanted to remodel the swimming pool area to be themed like an old fort somewhere in The Caribbean. Edwards used 408 yards of concrete and over 5,000 feet of lumber, and 34 tons of rebar to build and pour fort walls, a waterslide feature, remodeled the restrooms, light pole bases, and a kid's water park area. Edwards also formed stamped, colored and finished the swimming pool deck with a Bomanite Coquina stamp, Limestone color and a walnut release for a total of 22,000 sq. ft. The Edwards Concrete team spent more than 6,000 hours on this project. Work was started in March and finished in September to achieve their deadlines. The project theme was a success and gave the client the Caribbean feel they desired.
