### PROJECT PROFILE

PRIVATE RESIDENCE DRIVEWAY – MENDOTA HEIGHTS, MN

### PROJECT INFORMATION

#### PROJECT SPECIFICATIONS/INFORMATION

Description: The Owners of this private residence worked with Bomanite Licensee, Bulach Custom Rock on a custom design for their driveway. The driveway was poured with a Bomanite Integral color of French Gray. Bulach Custom Rock then threw Bomanite Natural Gray Color Hardener on the body of the driveway, which was stamped with the Bomacron Slate Texture. Bomanite Cobblestone Gray was used for the colored bands that were installed around the perimeter of the drive as well as across the drive at the halfway mark.

At the top of the driveway, a curved border was placed to give the landing area a patio feel. This portion was stamped with the Bomacron Ashlar Slate pattern, using the French Gray Bomanite Integral Color, and finished off with a multi-color seal for each individual block within the Ashlar Slate pattern.
