

Bomanite Exposed Aggregate Systems

PROJECT PROFILE

NATIONAL CONFERENCE OF STATE LEGISLATURES (NCSL)

PROJECT INFORMATION

PROJECT SPECIFICATIONS/INFORMATION

Client Need: A distinctive paving was needed for the entry and front patio of the NCSL headquarters in the Lowry Redevelopment. Natural stone carved with state names needed to be integrated into the paving material at the front.

Solution: Bomanite Licensed Contractor Colorado Hardscapes, Inc.'s integral color concrete with the exclusive SandScape Texture® by Bomanite finish results in the distinct look. Natural stone is skillfully integrated into the concrete.

Results: Colorado Hardscapes, Inc. (CHI) created the entrance, a conference patio, drop off zone, outdoor patio break area, and a section under a revolving door for the NCSL buildings. SandScape Texture® by Bomanite finished concrete, poured 4 inches thick, was used. Sections were integrally colored with a variety of custom shades with standard gray interspersed at the entrance to the building. The sawcuts further distinguish the different colors and flush out the pattern. Forty-eight linear feet of six inch planter curb was used and rounded seat wall surround the rounded sections of concrete and line the grill area on one side of the building.
