

PROJECT PROFILE

PRIVATE RESIDENCE BASS LAKE

PROJECT INFORMATION

PROJECT SPECIFICATIONS/INFORMATION

Description: The homeowner wanted to truly bring the outdoors in and create the look and feel of a beach and lake in his mountain retreat. Bomanite Licensee, Heritage Bomanite worked with the homeowner to develop the design and bring out the bright colors of water and sand. Bomanite Micro-Top in White was chosen as the base surface and then stained with Bomanite Con-Color. Several colors were used to get the vibrant blues and greens that represent the water element. To create the letters and compass, stencils were used, color applied, edges and joints were hand cut and grouted and sealed.

PROJECT DETAILS

LOCATION
Oakhurst, CA
