PROJECT PROFILE

INTERMARK GROUP

PROJECT INFORMATION

PROJECT SPECIFICATIONS/INFORMATION

Description:

Intermark Group is an advertising agency based in Birmingham and worked with Architectureworks to develop a collaborative environment that would inspire creativity in their new downtown location.

Bomanite Licensee, Jeffco Concrete Contractors were called upon to add a touch of spice to the decor with the neutral Tan and the vibrant Smoldering Red custom Bomanite Micro-Top colors. The floor area was laid out and decorative sawcut in a random design. The Micro-Top was then troweled on by hand to create a mottled effect. The decorative joints were filled with a black grout to finish this stunning project off.

Awards 2011 - Honor Award, Alabama Council of the AIA
