PROJECT INFORMATION

The homeowners contacted Bomanite Licensee, Harriman's Bomanite regarding their large back yard remodel project. Bomanite Thin-Set was chosen to install over existing walks, patios, and steps. The project also included a large imprinted courtyard and pool deck that required drainage solutions. Yorkshire Stone, a pattern from the Bomanite Imprint Systems collection, was selected for the 3,526 sq. ft. project. Bomanite French Gray Release Agent was selected for the project as well as additional custom colors.
