

Bomanite Imprint Systems

PROJECT PROFILE

RESIDENTIAL FRONT PATIO AND DRIVEWAY

PROJECT INFORMATION

Bomanite Licensee, Heritage Bomanite, worked with the customer and Landscape Professional to provide an appealing front entry patio and driveway with the Bomanite Imprint System. The customer wanted to minimize the sight of the control joints so bands of concrete and texture were incorporated into the design. Bands can be alternating in color, width, texture and or pattern to give a unique look to an outdoor space.
