BOMANITE CONCRETE DEGREASER WATER-BASED CLEANER/DEGREASER CONCENTRATE

PRODUCT DESCRIPTION

Bomanite Concrete Degreaser is a versatile cleaner and is the product of choice for removing oily or greasy types of soils from colored, imprinted, and/or natural concrete floors and surfaces. Bomanite Concrete Degreaser combines cleaning and degreasing without the use of petroleum solvents. However, due to its strength, it is not recommended for cleaning floors sealed with Bomanite Interior Floor Finish, Bomanite Hydrocoat, Bomanite Clear Cure, or other water-based sealers. For areas sealed with these products, use Bomanite Floor Cleaner.

APPLICATION

For concrete floor cleaning, add one to two cups of Bomanite Concrete Degreaser per gallon of water. Apply liberally to floor, allow ten minutes dwell time and scrub with floor machine equipped with a scrubbing or stripping pad or brush. Rinse well and allow to dry before opening to traffic or proceeding with sealer/polish application.
