Your Single Source For Innovative
Architectural Concrete Solutions

PATTERNS

FISHSCALE GRANITE SETTS

The Bomanite Fishscale Granite Setts pattern has a uniform texture of moderate depths of relief consistent with cleft granite stone.

Appropriate for all applications where natural cleft stone is desired with smaller "setts" being more rustic and larger stones being more uniform. Typically patterned in cobble type tools with some variety in layout and design.

Bomanite adds a unique statement of style and personality to virtually any surface, perfect for both indoor and out. Fishscale, a unique pattern from the Bomanite Imprint Systems collection, provides a distinctive fan design that is versatile enough to complement a wide variety of architectural styles.

Only Bomanite architectural concrete provides the beauty of natural stone with the durability and affordability of concrete. With more than 200 creative patterns and an endless palette of colors, Bomanite offers an unmatched range of innovative design options to turn ordinary concrete into something extraordinary.

Realize the possibilities with Bomanite Imprint Systems.

The Bomanite product line is installed only through the licensed Bomanite network, and exclusively by specially trained and highly skilled Licensed Contractors.
