MICRO-TOP ST

REALIZE The Possibilities.

Durable and Versatile

Bomanite Micro-Top ST has excellent adhesion and weather resistance that is perfect for applying over almost any clean, correctly prepared and primed surface including concrete, cement block, tile, metal and wood. Bomanite Micro-Top ST has the ability to withstand prolonged pedestrian and light duty vehicular traffic. Bomanite Micro-Top ST provides a tough, slip resistant water-retardant coating that substantially reduces water penetration, freeze-thaw scaling and concrete carbonation. It is a “breathable” coating that releases normal entrapped vapor without loosening or blistering. Bomanite Micro-Top ST durability and versatility allows it to be spotted as accent areas, continued up a wall, extended up the side of a building or applied directly to an asphalt street section.

MICRO-TOP ST FEATURES & BENEFITS:

- Excellent adhesion and weathering resistance
- Slip resistance underfoot
- Long wearing under traffic
- Retards water and salt penetration
- Resists ultra-violet degradation from long-term exposure to sunlight
- Environmentally safe (entirely water-based)
- 16 Color Blends plus Customs
- Low Maintenance

Efficient, Effective, Economical

Bomanite Micro-Top ST can be applied in multiple colors utilizing stencils, score lines, taped joints and butt joint patterns can transform an expanse of plain, gray concrete into a distinctive and dynamic area, bringing bold colors and designs where they've never been before for such uses as concrete exterior restoration, commercial entries, sidewalk and patio resurfacing and plazas.

Bomanite Micro-Top ST is entirely water-based making it extremely environmentally safe. With its low maintenance and its resistance of ultra-violet degradation from long-term exposure to sunlight, Bomanite Micro-Top ST is the economical choice for a decorative textured surface.

Insist on only the best. Insist on Bomanite Exposed Aggregate Systems.

Consult with your local Bomanite Toppings Systems representative to discuss the use of Bomanite Micro-Top ST on your next project. Samples are available for architects and designers. Visit www.bomaniteshop.com to view the various color and system options Bomanite offers.
