

REALIZE THE POSSIBILITIES...

Bomanite® CUSTOM POLISHING SYSTEMS

BOMANITE ARCHITECTURAL CONCRETE NEWS : VOLUME 21.02

The patented technology of the Bomanite Custom Polishing System, paired with our long-established color and craftsmanship, delivers the industry's best concrete floor finish. While the polish chemically reacts with the concrete to lock in the color, the mechanical application closes the surface to keep out contaminants. One application, permanent results. Lustrous color, protected by a tight, beautiful sheen.

Windsor Readiness Center Compliments Logo with Bomanite Custom Polished Concrete

The Army National Guard of Colorado, located in Windsor, CO, was looking for a flooring material to showcase their emblem and compliment the new design of space. Inspired by the emblem design at Fort Lupton and Buckley Air Force Base, they called on Bomanite Licensee, [Colorado Hardscapes](#) to install an intricate emblem of the Army National Guard logo, as well as place and polish the concrete surrounding the emblem in the front entry, assembly halls and hallways. Colorado Hardscapes worked closely with RB+B to design a custom emblem in the concrete, as well as the color and design of the Bomanite polished concrete.
